Patrol Points System

Throughout each term, Cub Scouts are able to earn points for their patrol. An award is given to the patrol with the most points at the end of the term. The points reset each term, however the patrol with the most points across all four terms also receives an award at the end of the year. The Patrol Points System is designed to encourage teamwork and responsibility in Cub Scouts.

The Patrol Points System is described below – if you have any further questions about the Patrol Points System please speak to a Leader.
